# MODEL CODE OF CONDUCT

## 'Together Everyone Achieves More'

### Academy Aims

- To create a learning community that promotes excellence for all
- To raise standards in education and create a learning environment where all children achieve excellence
- To create a caring environment that supports all learners, whatever their natural talents, to develop into well informed, motivated young people confident in themselves and actively aware of their role as citizens in today's society
- To create a community of schools where all stakeholders have a say and are involved in the life of their school and hold their schools to account
- To recognise that 'Together Everyone Achieves More'

### 1. Purpose and principles

This Code of Conduct aims to establish a set of principles which underpin the expected conduct of staff within the Trust with the intention of encouraging staff to achieve the highest standards of conduct at work and of minimising the risk of improper conduct occurring.

The school requires that all staff have read and comply with the Code of Conduct. Where clarification is needed on any aspect of this document, this should be sought from the Headteacher.

Breach or failure to observe the provisions of this document may lead to action being taken under the school disciplinary procedure, a copy of which can be found in the staff handbook, staff room and Manual of Personnel Practice. This document is available to all staff as well as being provided on induction to all new members of staff.

The Code of Conduct is not exhaustive in defining acceptable and unacceptable standards of conduct and behaviour and in circumstances where guidance does not exist individuals are expected to use their professional judgement and act in the best interests of the school and its pupils.

### 2. Scope

The Code of Conduct applies to:

- All members of staff, including teaching and support staff
- Volunteers, including governors
- Casual workers
- Temporary and supply staff, either from agencies or engaged directly
- Student placements, including those undertaking initial teacher training, and apprentices

References to 'staff' throughout the Code of Conduct refer to all of the above groups.

### **3. Professional standards at work**

Staff are expected to demonstrate the highest possible standards of personal and professional conduct and behaviour and consistently act with honesty and integrity. The school expects staff to treat each other, pupils, parents and the wider school community with dignity and respect at all times.

Furthermore, staff must have regard for the ethos and values of the school as well as its policies and procedures and act in accordance with these at all times, including in their dealings with those who come into contact with the school e.g. visitors.

Staff must act in accordance with their duty of care to pupils and ensure that the safety and welfare of the children and young people at the school are accorded the highest priority. In this and other ways staff should always maintain standards of conduct and behaviour which sustain their professional standing and that of the school.

Teachers are reminded of, and are expected to uphold, their wider responsibilities as set out in the [Teachers' Standards](#), including an understanding of, and acting within, the statutory frameworks which set out their professional duties and responsibilities.

### **4. Safeguarding**

Weston Park Primary School recognises its statutory and moral duty to safeguard and promote the welfare of pupils and understands that staff play a vital role in meeting these responsibilities. Staff must be aware of their individual safeguarding responsibilities, including to provide a safe environment in which children can learn, to be aware of the signs of abuse and neglect, to identify children who are suffering, or are likely to suffer, significant harm and to take appropriate action in such cases to prevent concerns from escalating.

All members of staff must be aware of the school's systems for supporting child safeguarding, including the role of the school's Designated Safeguarding Lead (DSL – often referred to as the Child Protection Liaison Officer (CPL)).

In this school the primary DSL/CPL(s) is/are: Nicki Windle and Lucy Phillips although all members of the Senior Leadership Team are appropriately trained.

Concerns about the welfare of a child must be raised without delay to the school's DSL/CPL in the first instance or to Nicki Windle or Lucy Phillips if the DSL/CPL cannot be located. In the event that none of the above are available please speak to any other member of the Senior Leadership Team. There should be no delay in reporting a concern if there is risk of immediate serious harm to a child.

Staff should be familiar with the school's child protection policy, which is available to all staff on the staff server and on the website. All staff will receive appropriate child protection training and will be provided with guidance on child safeguarding as part of their induction to the school.

In accordance with the statutory guidance published by the Department for Education '[Keeping Children Safe in Education](#)' (September 2019) all staff in Weston Park Primary School are required to read Part One '[Safeguarding information for all staff](#)' and will be provided with a copy as part of their induction to the school.

Further information is found in '[Guidance for safer working practice for adults who work with children and young people in education settings](#)' provided by 4LSCB and in the guidance document 'The avoidance of unnecessary contact and unfounded allegations' can be found on request at the school office.

## **5. Appropriate relationships**

### **Pupils**

Individuals who work or volunteer in a school environment are in a position of trust. Staff should be mindful of the need to maintain professional boundaries appropriate to their position and must always consider whether their actions are warranted, proportionate, safe and applied equitably.

Staff should act in an open and transparent way that would not lead any reasonable person to question their actions or intent. Staff should think carefully about their conduct so that misinterpretations are minimised.

Staff must avoid unnecessary physical contact with children. Where physical contact is essential, e.g. for safety reasons, the pupil's permission must be gained for that contact wherever possible. If physical contact is made to remove a pupil from a dangerous situation or an object from a pupil to prevent either harm to themselves or others, then this should be recorded and reported to a member of the Senior Leadership Team. In cases where accidental physical contact was made, it should be reported to a member of the Senior Leadership Team. In all cases staff should act in accordance with the school's restraint policy which is available on the school's website.

### **Parents**

Staff are expected to interact with parents in a polite and respectful manner and recognise parents' entitlement to express any concerns they may have about their child's learning, safety or wellbeing. Staff should avoid discussing school matters with parents outside school if approached and should instead refer the parent to the normal school communication channels.

## **6. Use of IT including social media**

Internal e-mail and internet systems must be used only in accordance with the school's acceptable use of ICT policy which is available on the school website.

Social networking sites offer the opportunity for communication with children, young people and their parents outside normal professional boundaries. School staff must take care to protect their privacy and

protect themselves from risk of allegations in relation to inappropriate relationships and cyberbullying. Staff must not develop or maintain online relationships with parents or pupils through social networking sites, instant messaging or other media, whether this is through school or personal IT facilities.

Please refer to the school's acceptable use of IT policy which is available on the school website for further guidance on acceptable and unacceptable use of IT, social media and mobile phones.

## **7. Confidentiality and disclosure of information**

Staff must ensure that they do not disclose confidential information to anyone who does not have the right to receive it. Where information is disclosed this should be in line with the principles of the GDPR regulations 2018. Equally staff should not prevent another person from gaining access to information to which that person is entitled by law. If there is doubt about whether or not to share information, advice must be sought from an appropriate senior member of staff.

Information obtained during the course of an individual's work should never be used for personal gain or benefit, nor should it be passed onto others who might use it in such a way.

## **8. Dress and appearance**

An individual's dress and appearance is a matter of professional personal choice; however, staff should ensure that they dress appropriately, decently and safely for a school environment and for the role they undertake, as well as setting a good example to both pupils and visitors.

Staff should have particular regard to the health and safety risks involved with certain lessons i.e. physical education/food technology and the need to dress appropriately and safely when undertaking these activities, such as wearing appropriate footwear, removing jewellery etc.

The school recognises the diversity of cultures and religions of its staff and will take a sensitive approach when this affects dress and uniform requirements. However, priority will be given to health and safety, security and other similar considerations of other staff, pupils and the school.

Please refer to the school dress code for further guidance on acceptable and unacceptable forms of dress which can be found in the school office.

## **9. Equal opportunities**

The Governing Body of the school is committed to equality for all in the appointment, development, training and promotion of staff, and in all dealings with pupils and parents of the school. It also recognises that all members of staff have the right to work in a safe environment without fear of discrimination, harassment or abuse.

All pupils, colleagues, parents, members of the public and wider school community have the right to be treated with fairness and equality and must not be discriminated against. The school expects staff to uphold these principles.

#### **10. Conduct outside work**

Care should be taken by staff to avoid any conflict of interest between activities undertaken outside school and responsibilities within school. In no case should outside activities bring the school into disrepute.

Where staff are in doubt as to whether there is a conflict of interest advice must be sought from the Headteacher.

#### **11. Declaration of interests**

Staff should consider carefully whether they need to declare to the school any relationship with an individual where this might cause a conflict with the school's activities, for example, a relationship with a Governor, another staff member or a contractor who provides services to the school. Where such a declaration is necessary this should be made to the Headteacher.

Staff may undertake work outside school, either paid or voluntary, provided it does not conflict with the interests of the school nor be at a level which may contravene the [Working Time Regulations](#) or affect an individual's performance at work.

#### **12. Whistleblowing**

The [Public Interest Disclosure Act 1998](#) gives protection to people who disclose reasonable concerns about serious misconduct or malpractice at work. This is sometimes known as Whistleblowing. The Governing Body of the school will treat all matters of malpractice very seriously and allegations about such matters will be dealt with quickly and with appropriate confidentiality.

Staff should acknowledge their individual responsibilities in bringing matters of concern to the attention of senior leadership in the school. This is particularly important where the welfare of children may be at risk.

A clear procedure is provided for staff to raise issues with the purpose of assisting in reducing the risk of serious concerns being mishandled, whether by the individual or by the school. Please refer to the school's Procedure for Protected Disclosures ("Whistleblowing") for further information which can be found on the school's website.

#### **13. Health and safety**

Staff must adhere to the school's Health and Safety policy and should ensure that they take every action to keep themselves and others in the school environment safe.

Please refer to the school's Health and Safety policy for further information in the school office and on the school's website.

#### **14. Gifts and hospitality**

There may be occasions where children or parents wish to pass small tokens of appreciation to staff, for example as an end of year 'thank-you', and this is acceptable. However, it is unacceptable to receive gifts on a regular basis or of any significant value or to suggest to pupils that gifts would be appropriate or desired. Money should never be accepted as a gift.

It is not acceptable for staff to give gifts to pupils and any rewards given to children must be given in agreement with the agreed Positive Behaviour Policy or Individual Behaviour Plans (IBP).

Staff should not solicit or accept any gift, hospitality or other reward from external parties which influences the way in which they carry out their duties or leads the giver to expect preferential treatment.

#### **15. Use of school resources and funds**

The use of school resources, property and equipment is for school-related activities only, except where otherwise agreed.

All members of staff must use any public or school funds entrusted or handled by them in a responsible and lawful manner.
